

## Anatomy - Heart Medical Terminology

Question Prompt: 1

Total Points: 1

**The valve between the right atrium and right ventricle is the mitral valve.**

- True  
 False
- 

Question Prompt: 2

Total Points: 1

**The smallest of all blood vessels are the capillaries.**

- True  
 False
- 

Question Prompt: 3

Total Points: 1

**The pulmonary artery carries blood with oxygen from the lungs to the heart.**

- True  
 False
- 

Question Prompt: 4

Total Points: 1

**The largest artery in the body is the aorta.**

- True  
 False
- 

Question Prompt: 5

Total Points: 1

**The pulmonary veins bring blood without oxygen from the upper parts of the body to the heart.**

- True  
 False
- 

Question Prompt: 6

Total Points: 5

Points per answer: 1

**Match each letter with the correct answer.**

- |                                    |                |
|------------------------------------|----------------|
| A. The upper chambers of the heart | 1. endocardium |
| B. A small vein                    | 2. arteriole   |

- C. A sac like membrane surrounding the heart
- D. The inner lining of the heart
- E. The inner lining of the pericardium, adhering to the outside of the heart, is the
3. pericardium
4. viseral pericardium
5. atria
- 

Question Prompt: 7

Total Points: 1

**The \_\_\_\_\_ carries blood without oxygen to the lungs from the heart.**

- aorta
- pulmonary vein
- pulmonary artery
- superior vena cava
- none of the above
- 

Question Prompt: 8

Total Points: 1

**The valve between the left atrium and left ventricle is the \_\_\_\_\_ valve**

- mitral valve
- tricuspid valve
- bicuspid valve
- both A and C
- none of the above
- 

Question Prompt: 9

Total Points: 1

**The \_\_\_\_\_ brings blood from the lower half of the body to the heart.**

- superior vena cava
- aorta
- pulmonary veins
- inferior vena cava
- none of the above
- 

Question Prompt: 10

Total Points: 1

**The lower chambers of the heart are called**

- atria
- ventricles
- auricles

- arterioles
  - none of the above
- 

Question Prompt: 11

Total Points: 1

**The wall of the heart between the right and left atria is the**

- myocardium
  - septum
  - pericardium
  - endocardium
  - none of the above
-
