

## ANATOMY - Joints/Muscle Med term (Purple)

Question Prompt: 1

Total Points: 6

Points per answer: 1

**Match each letter with the correct answer.**

- |                                 |                   |
|---------------------------------|-------------------|
| A. Softening of cartilage       | 1. tendonitis     |
| B. Poor bone development        | 2. chondroma      |
| C. suture of a tendon           | 3. tenorrhaphy    |
| D. Inflammation of a tendon     | 4. chondromalacia |
| E. benign tumor of cartilage    | 5. osteodystrophy |
| F. malignant tumor of cartilage | 6. chondrosarcoma |
- 

Question Prompt: 2

Total Points: 1

**An incision of a joint is an arthroscopy.**

- True
- False
- 

Question Prompt: 3

Total Points: 1

**an abnormal condition of stiffened, immobile joints is ankylosis.**

- True
- False
- 

Question Prompt: 4

Total Points: 1

**Bursitis is the inflammation of the fluid filled sac near a joint.**

- True
- False
- 

Question Prompt: 5

Total Points: 1

**hemarthrosis is an abnormal condition of water in a joint.**

- True
  - False
- 

Question Prompt: 6

Total Points: 1

**Connective tissue that binds muscles to bones**

- ligament
  - tendon
  - bursa
  - suture
  - none of the above
- 

Question Prompt: 7

Total Points: 1

**Another term for a joint is a/an**

- bursa
  - synovial membrane
  - articulation
  - suture
  - none of the above
- 

Question Prompt: 8

Total Points: 1

**Connective tissue that binds bone to other bones**

- tendon
  - bursa
  - ligament
  - membrane
  - none of the above
- 

Question Prompt: 9

Total Points: 1

**The fluid found in a joint is called**

- articular fluid
  - synovial fluid
  - synovial membrane
  - extracellular fluid
  - none of the above
-

Question Prompt: 10

Total Points: 1

**The membrane that lines the joint cavity is called**

- articular cartilage
  - articular membrane
  - synovial cartilage
  - synovial fluid
  - none of the above
- 

Question Prompt: 11

Total Points: 1

**A sac of fluid near a joint is a/an**

- articular capsule
  - joint capsule
  - bursa
  - tendon
  - none of the above
- 

Question Prompt: 12

Total Points: 1

**The smooth cartilage that covers the ends and surfaces of bone is**

- articular cartilage
  - hyaline cartilage
  - elastic cartilage
  - both A and B
  - none of the above
- 

Question Prompt: 13

Total Points: 1

**Inflammation surrounding a joint is known as**

- arthritis
  - osteoarthritis
  - peri arthritis
  - arthroplasty
  -
- 

Question Prompt: 14

Total Points: 9

Points per answer: 1

**Match each letter with the correct answer.**

- |  |                    |
|--|--------------------|
| A. bending the sole of the foot downward | 1. dorsiflexion    |
| B. straightening out a limb or joint     | 2. supination      |
| C. movement toward the midline           | 3. rotation        |
| D. turning the plan down                 | 4. flexion         |
| E. bending a limb                        | 5. extension       |
| F. turning the palm up                   | 6. plantar flexion |
| G. circular movement around an axis      | 7. pronation       |
| H. backward (upward) bending of the foot | 8. adduction       |
| I. movement away from the midline        | 9. abduction       |
- 

Question Prompt: 15

Total Points: 1

**The fibrous membrane separating and enveloping muscles is the fascia.**

- True  
 False
- 

Question Prompt: 16

Total Points: 1

**An increase in development (size) of an organ or tissue is atrophy.**

- True  
 False
- 

Question Prompt: 17

Total Points: 1

**The connection of a muscle to a stationary bone is the insertion of the muscle.**

- True  
 False
- 

Question Prompt: 18

Total Points: 1

**Myasthenia means pertaining to the heart muscle.**

- True
  - False
- 

Question Prompt: 19

Total Points: 1

**The connection of a muscle th a bone that moves is the insertion of the muscle.**

- True
  - False
- 

Question Prompt: 20

Total Points: 1

**Pain in many muscles is known as**

- myocardalgia
  - myositis
  - hyoertrophy
  - polymyalgia
  - none of the above
- 

Question Prompt: 21

Total Points: 1

**Muscle that is connected to bones and is voluntary is also called \_\_\_\_\_ muscle**

- striated
  - visceral
  - smooth
  - skeletal
  - both A and D
  - none of the above
- 

Question Prompt: 22

Total Points: 2

Points per answer: 1

**In the term "myocardial", myo- refers to \_\_\_\_\_, and cardinal refers to the \_\_\_\_\_. (spelling counts, all lower case)**

---

Question Prompt: 23

Total Points: 2

Points per answer: 1

**In the term "chondromalacia", chondro refers to \_\_\_\_\_, and malacia refers to \_\_\_\_\_. (spelling counts, all lower**

**case)**

---

Question Prompt: 24

Total Points: 4

**What does each letter stand for in the treatment of injuries? R- I- C- E-**

---

Question Prompt: 25

Total Points: 3

**Distinguish between the following terms: Tendons - Ligaments - Cartilage -**

---

Question Prompt: 26

Total Points: 3

**Distinguish between the following severities of injury. Acute - Overuse - Chronic -**

---
